

Hi my name is Jenna and I go to Kenaston School. I live on a small farm, and before moving to Kenaston I lived in Saskatoon. I am a very social person and I like to meet new people, and making friends comes easy to me. When I am not at school I spend most of my time at dance or spending time with my friends. We have recently been learning about responsibility of giving and sharing in ELA class. Our class consists of 8 kids. We are very close as friends and we are like a big family, which probably seems odd if you're in a bigger class.. I hope to learn more about you both (I think we get to have two German pen pals) and hear back from you soon.
