

Hello, my name is Nathaniel or Nate for short. I'm in Grade 10 but you probably already knew that....right? Well anyways I like to spend my time reading, drawing, or working on a farm. My family raises cattle on our farm and we are currently going through calving season, so there are lots of chores on the farm. I grew up and lived in Saskatoon, Saskatchewan until Grade 3. Then we moved to a farm, because my brother was born and we didn't have enough room and we always wanted to live out on a farm. My brother is currently in Grade 4. He is so much like me, even though we both deny it. I also enjoy some sports such as basketball, soccer.
